KEYNOTE SPEAKER

A nationally sought speaker, Admiral William H. McRaven, retired, led the 2011 mission that took down

Osama bin Laden. Since retiring as Commander of US Special Operations, Admiral McRaven found further acclaim when his University of Texas 2014 commencement speech that talked about “making your bed” went viral. He has since turned that speech into a *New York Times* bestselling book titled “Make Your Bed: Little Things That Can Change Your Life... And Maybe the World.”

Veterans Bridge Home is a Charlotte-based organization that connects Veterans and their families, in any state of transition, to the community. Through our network of partners, we help Veterans navigate employment, create social connections, and settle their families. We look at the whole Veteran and connect them to the resources needed to be successful and thriving leaders in our community.
